Revision Technique

What should happen before the exams?

Materials – Correct equipment for the correct exam.

Organise – Get up, eat breakfast, drink some water.

Revise – Don't cram, tea and toast from 8am!

No Stress – Conversations that spiral - (social media)

Inhale/Exhale – Box Breathing, you are good enough!

Nice reward – Something positive for afterwards.

Go for it – You've got this. You can only do your best in that moment, with those questions, based on the revision that you have done. Accept this, try your very best and go smash it!
