

ONE to ONE Device Scheme

Year 7 pupils at Moorside High School have the opportunity to access our 'One to One Digital Device' purchase scheme. This enables students to make use of digital learning in the classroom and at home as part of our school vision 'Engage and Achieve'.

VISION

We believe that the use of one-to-one devices will be highly beneficial to students. It will:

- Improve equity of access to the curriculum for all students.
- Promote independent learning, providing access to a wealth of information and resources.
- Encourage organisation by helping student to manage their own workload and stay on task.
- Offer new possibilities for teaching and learning.
- Help to prepare students for the technological demands of the modern workplace.

Staff will ensure that the devices are used where they enhance or support learning. As such, books and handwriting remain an important part of the student learning experience.

THE DEVICE

We are offering the Acer B3 Spin 11.6" 2-in-1 device. It is both a laptop and a tablet in one – making it versatile whatever the learning situation. It has a...

- 11.6" touch screen and a sturdy keyboard.
- Ruggedized design to protect against the knocks and shocks of daily usage.
- Lightweight and compact design.
- Battery life that will last a full school day (12.5hr).

Technical specification:

- Intel Pentium N6000
- 8GB RAM
- 128Gb SSD
- Enterprise grade anti-virus
- InTune Mobile Device Management

ADVANTAGES

- An affordable monthly payment with no credit checks.
- 3-year repair service, with theft and warranty cover, for peace of mind.
- The scheme is being subsidised by the school to ensure that all students can access it.
- Instructions provided in-box on how students should set up the device, so they can use it both at home and in school.
- Students can use Office 365 – provided free of charge to all students at MHS.
- Software will be automatically installed to allow the device to be used in school and connect to our Wi-Fi.

PACKAGE PRICE

The device will be purchased through the school via our partners Freedom Technology at a cost payable by parents in one outright payment or via 36 monthly Direct Debit payments. At the end of the 36 months, the device will be owned outright by families without a balloon payment. The full package represents a saving when compared to high street packages when including the cost of repair/replacement services.
